Questions

1. Do you agree with the proposed amendments to paragraph 5.2.2 of the Code of Practice? (see Appendix One)

Yes

2. Do you believe that the modification proposal meets the Code of Practice Relevant Objectives (as stated in paragraph 4.3) more effectively?

Yes

3. Do you believe there is a better way in which the Code of Practice Relevant Objectives might be met than through the changes proposed?

No

4. Do you have any other comments or observations you would like the Working Group to take into account?

This modification proposal more properly reflects the original intent of the CiC CoP G39 authorisations (which was discussed with Ofgem at the time and prior to publication of the first version of the CiC CoP) and means that this aspect is consistent with the intent and wording of the rest of the CoP
