1. Welcome and introductions

The Chair welcomed and reminded the group of its obligations under the Competition Act.

2. Minutes of previous meeting/actions

The group approved the minutes as an accurate record of the previous meeting.

3. Feedback on 13 January NERSAP meeting

LT provided an update on the 13th January meeting, where there were no additional attendees. However, the NERSAP meeting that followed did have greater attendance.

4. Potential impact of ED2 on the CiCCoP

DO said didn't think there was anything particularly identified and invited DNO thoughts.

BH noted that main change likely under ED2 is charging structures for reinforcement, and references to reinforcement in the document are generic. So therefore doesn't appear to be anything that would give rise to a need for change.

The group acknowledged and agreed to keep under review.
