

**Competition in Connections Code of Practice  
0006 – G39 Self-Authorisation  
Appendix One – Legal Text Change Proposal**

---

The Working Group discussed the changes suggested in the Modification Proposal. The Modification Proposal was subsequently resubmitted with amended wording. This is detailed below.

Section 5.2.2 states that:

Training and / or authorisations relating to G39 authorisations accepted by a given DNO shall be accepted by other DNOs”

The text proposed is:

“5.2.2 G39 authorisation shall be either:

5.2.2.1 By the employer after ensuring that the relevant employee has been appropriately trained, assessed as competent & authorised (in accordance with the requirements of the Highway Electrical Registration Scheme – HERS) or

5.2.2.2 By the DNO, or the IDNO, at the request of the employer

5.2.2.3 Where employers work across more than one DNO / IDNO area, then training and/or authorisations relating to G39 authorisations accepted by one DNO / IDNO shall be accepted by other DNOs / IDNOs”
